

Welcome to the Grooming Institute of Canada Test Center for Animal Grooming

The Grooming Institute of Canada Test Centers are fully equipped professional environments making your examination day comfortable with modern facilities. The Examiners are fully experienced and will make you feel relaxed, give encouragement and will give you full instructions on the day of your exam, thus relieving some of the tension that comes with this day. Your choice of dogs is very important in the matter of coat texture, attitude and the ability to deal with other dogs that will be present at the same time. Choose an animal that you are familiar with and have groomed at least once before. This will ensure that you are comfortable with the practical examination procedures. Read through the material in this website and if you have any further questions feel free to call. Then select your dogs, set the date and send in the enrollment form with the appropriate fees. In no time at all, you will have achieved a standard that is recognized internationally, giving you the qualifications to proceed to the next level. We look forward to you achieving your goals in the professional grooming arena.
